

Put your coverage on cruise control.

➤ At Safeco®, we believe insurance should never get in the way of your life. That's why our new Annual Auto Policy lets you lock in your policy price for a full year, helping you cut back on paperwork, improve budget management and avoid the hassle of mid-year policy renewals. It's just another way we're making insurance easier for you.

TOP 3 REASONS TO CHOOSE SAFECO®

1

More convenience. Less hassle.

With Safeco's Annual Auto Policy, your policy premium is set for an entire year, so you know exactly how much your coverage is going to cost you. Plus, you can use the same insurance cards year round and eliminate the inconvenience of mid-year renewals.

2

Big savings all year.

Combine your annual auto policy with a Safeco Homeowners Policy into a Safeco Package and save up to 15%. You'll also become eligible for a Single Loss Deductible*. If you experience a significant loss, like a fire or storm, that is covered by your Safeco Home Policy and have other Safeco policies that are affected, like your auto, Safeco will waive all deductibles after the home policy deductible is paid.

3

Protection when you need it most.

Safeco's claims service is fast, fair, hassle-free and available 24/7 to assist you. Should you ever need to file a claim, simply call 1-800-332-3226. Your claims representative and independent agent will get to work right away to support you and help replace your loss.
